

**Padlocking**

Sockets can be padlocked using the relevant holes in the socket to lock the latch in position with the lid closed or the plug inserted. An optional mushroomed latch offers a second padlocking facility.

Temperature range:  
-40° to +100°

**Maximum Cable Size**

	Conductor cross section (mm <sup>2</sup> )		Cable outside diameter (mm)	
	Stranded	Flexible	Min.	Max.
3PS16	6	6	7	18
3PS32	16	10	8	22
3PS63	35	25	11	29
3PS125	70	50	17	45
3PS200	150	95	17	60
